

# Who Can Be a Jobie-to-Bee?

A Jobie-to-Bee (JD2B) is a young girl, age 8-9, who is not yet old enough to join Job's Daughters. As a JD2B, you are welcome at most activities, make friends with all the girls in the group, and discover positive role models in these girls. You may be given a big sister to turn to with questions.

As a JD2B, you may be given a sash or other item that shows you are waiting to become a member.
